

# DANBIO

DANSK REUMATOLOGISK DATABASE

**DANBIO - 15 år - seminar**  
**Fredag den 9. september 2016**  
**Hotel Park Inn by Radisson, Engvej 171, 2300 København S**  
(tæt på metrostationen Femøren)

Vi har den store glæde at invitere alle interesserede til en begivenhedsrig dag med foredragsholdere fra ind- og udland. Arrangementet er tværfagligt. Formiddagen giver en opdatering på smerteforskning og eftermiddagen byder på highlights fra den seneste forskning, som er publiceret på baggrund af bl.a. DANBIO data.

## PROGRAM

09.30 - 10.00 **Coffee/breakfast**

10.00 - 10.30 **Introduction**

Medical Director Per Jørgensen, MD, DMSc, MPM, Rigshospitalet

### **DANBIO - Perspectives at 15 years**

Professor, Merete Lund Hetland, MD, PhD, DMSc, Head of DANBIO's steering committee, COPECARE, VRR, Rigshospitalet, Glostrup

## **PAIN IN ARTHRITIS – CAN WE DO BETTER?**

10.30

### **Is the disease burden in osteoarthritis as great as in rheumatoid arthritis? Lessons from the MDHAQ in routine care**

Ted Pincus, MD, Rush University Medical Center, Chicago, Illinois, USA

### **Chronic pain in the general population – The DanFund study**

Professor Torben Jørgensen, MD, DMSc, Research Centre for Prevention and Health, Centre of Health, Capital Region

### **Coffee break**

### **The role of sensitisation in patients with joint pain: Implications for diagnosis and treatment**

Professor Lars Arendt-Nielsen, dr.med.sci., Center for Sensory-Motor Interaction, Aalborg University

### **Persistent pain and possible pain mechanisms in patients with inflammatory arthritis**

Signe Rifbjerg-Madsen, MD, PhD-student, Parker Institute, Frederiksberg Hospital

13.00

### **Lunch**

14.00

### **The DANBIO registry from a patient's perspective**

The Danish Rheumatism Association, Project Manager Connie Ziegler

# DANBIO

DANSK REUMATOLOGISK DATABASE

## HIGHLIGHTS FROM ONGOING RESEARCH INVOLVING DANBIO

14.10

### **Clinical remission in RA on biologics - should we reduce the dose?**

Cecilie Heegaard, MD, PhD-student, COPECARE, VRR, Rigshospitalet, Glostrup

### **Non-medical switch to biosimilar infliximab in routine care, results from DANBIO and the Danish Rheumatologic Biobank**

Bente Glintborg, Consultant, PhD, COPECARE, VRR, Gentofte Hospital and Rigshospitalet, Glostrup

### **Obesity impairs the response to tumour necrosis factor-alpha inhibitors in psoriatic arthritis: results from the DANBIO and ICEBIO registries**

Pil Højgaard, MD, PhD-student, COPECARE, VRR, Gentofte Hospital og Parker Institute, Frederiksberg Hospital

### **RA and work: Risk and risk factors for long term sickness absence, unemployment, and disability pension**

Sofie Mandrup Hansen, Cand.Scient., PhD, National Research Center for the Working Environment, Capital Region and COPECARE, VRR, Rigshospitalet, Glostrup

### **The risk of infections in RA patient treated with biologic DMARDs**

Mai Nguyen, MD, PhD-student, Infektionsmedicinsk afd., Odense Universitets Hospital

15.00 - 15.30

### **Coffee break**

15.30

### **The linear HAQ score? Analyses of Patient Reported Outcomes from DANBIO.**

Lykke Midtbøl Ørnbjerg, MD, PhD, COPECARE, VRR, Rigshospitalet, Glostrup

### **The Imagine study**

Signe Møller Bisgaard, MD, PhD, COPECARE, VRR, Rigshospitalet, Glostrup and Slagelse Hospital

### **Medical treatment of rheumatoid arthritis and risk of complications following total joint arthroplasty**

René Cordtz, MD, PhD-student, COPECARE, VRR, Gentofte Hospital and Parker Institute, Frederiksberg Hospital

### **Screening and management of cardiovascular risk in patients with inflammatory arthritis using DANBIO as a tool - what have we learned?**

Jette Primdahl, Research nurse, PhD, Kong Christian X's Gighospital, Gråsten

### **Risk of neurologic side effects in arthritis patients treated with biologics**

Lene Dreyer, Consultant, PhD, COPECARE, VRR, Gentofte Hospital and Parker Institute, Frederiksberg Hospital and PROCRIN.

### **What's in the pipeline?**

Professor Merete Lund Hetland, MD, PhD, DMSc Head of DANBIO's steering committee, COPECARE, VRR, Rigshospitalet, Glostrup.

16.45

### **Summary and conclusion**

**Tilmelding senest den 18. August 2016 til databasen@danbio-online.dk**
